

Hi, I'm Cedar.

"Hi, I'm Cedar" is the story of Cedar Bennett Rosenfield, a beautiful and talented young artist whose life was tragically cut short at the age of 20. In her two decades of life, Cedar became a proficient writer, actress, dancer and visual artist.

Experience her art firsthand — and the far reaching effects of her life — in this remarkable documentary.

Included are clips from some of her films (*All The World, In The Open, Sanderson County*), her drawings, and an interview with Cedar herself. You'll gain insight into how one family created a unique emotional and educational environment that allowed their child's talent to blossom despite serious physical illness.
