

IN MY FATHER'S FOOTSTEPS

A son who never knew his father retraces his footsteps across Europe in an emotional retelling of a true story from the battlefronts of World War II.

Through personal letters sent to his wife and family, Norman Williams recounts his moments in combat flying

P-61 bombers after D-Day. Almost 60 years later, his son follows in his father's footsteps across Normandy, France.

This journey of love and discovery ends in a Netherlands cemetery where his father and co-pilot are buried after being shot down in their beloved *Husslin' Hussey*.
